Frogs Rafting, a new outdoor adventure base in the French Alps! Situated in the town of Morzine we're halfway between the Rivers Dranse (Thonon) and Giffre (Samoens): perfect for you to explore two different Alpine ambiances.

Specialising in white-water rafting, canorafting, gorge walking, and hiking, and catering to all abilities, we'll ensure that your holiday is one to remember, whether you're after outdoor tranquillity or white-water excitement!

The Classic River Dranse Rafting! With a maximum of 8 people in the boat, your guide will take you down rapids and through gorges, pointing out any wildlife on the way, and suggesting novel ways to go down the river. Some people are content to float down, soaking up more of the atmosphere than the water, but for those of you after an adrenaline rush there are various 'special detours' your guide will help you take advantage of!
