Welcome to Magic Rides who assist [Chalet Le Dragon](#) with all things related to Mountain Biking – suiting all levels of mountain biker for holidays from the centre of Châtel, riding all of the Portes du Soleil and further afield.

My name is Mike, I have been working in the MTB holiday industry for the past six years now and I am happy to assist during your mountain bike holiday at Chalet Le Dragon.

Whatever your ability and experience we will tailor your mountain biking trip to suit your individual needs or requests and ensure you have the best time you've ever had mountain biking in Chatel and the Portes du Soleil – we have a huge knowledge of the Portes du Soleil and surrounding area and can help find any trails you set your heart on. So from a steady ride over to Morzine and a swim in Lac Montriond, to a day of downhill in the Chatel Bike Park or even further afield to the little known areas of Rocher de Naye or Barboleuse we'll lead the way!

We spend all summer biking in Châtel and the surrounding Portes Du Soleil region, and work closely with [Chalet le Dragon](#) to ensure your accommodation is as good as the biking!

With a mass of local trail knowledge and the fantastic village of Châtel as your base we think you'd be hard pushed to find a better place to bike!
It couldn't be easier – I can meet you at the airport, transfer you to Chalet Le Dragon and then take you out biking everyday if you wish. I charge by the day and can take groups up to 10 riders.

Your hosts, [Matt & Emma](#) will liaise with you to understand the kind of biking you require. They will then put me in contact with you to discuss further and 'll then meet you once you are at the chalet, or we can chat if I am meeting you at the airport!!

The alpine village of Châtel is one of the great hidden secrets of the Portes du Soleil.
With over 650km of way marked trails on its doorstep there's a whole host of single-tracks to discover, as well as fantastic 'local knowledge only' hidden gems to make you grin all day!
