

## our equipment

Everything is brand new for the 2010 / 2011 winter season and that includes our servicing equipment. Every ski and snowboard is serviced following a rental and our boots and helmets are regularly checked for wear and tear.

### salomon skis and snowboards

We have a wide range of brand new Salomon skis and snowboards. From all mountain to high performing steep and deep powder or park and pipe. Salomon started in 1947 in the heart of the french alps and today their products are sold in over 160 countries and the brand is a global icon.

### storm skis

We have the full range of Storm skis, for both rental and purchase. These skis are revolutionising the high performing ski market. Storm Skis is a new, young and dynamic ski production company designed and run by skiers for skiers, all of whom embody the adventurous Freeride mentality and lifestyle.

## take a look

Here are just some of the skis that we will have ready for rent this winter season. We also have a range of Storm skis for purchase so once you've tried them, you can buy them.

### salomon
